Dear Alison

RE: Safety Week – A big Thank you

I just wanted to say a big thank you for coming to our office on Wednesday to talk to us about good mood food and general healthy eating in an office environment.

I can honesty say the amount of positive feedback I have received has been astonishing. Our staff are really making an effort and thinking about all the different types of foods they can eat.

I carried out a lot of research on different nutritional companies and by far the information you sent over was the most relevant to an office environment, along with the food demos you offer were a real added to bonus.

To be honest we could have had you here for at least another day as people wanted to know more! We would love to have you back again soon.

Yours faithfully
