

AC HEALTH & NUTRITION

Our Free Gut Health Talk project is expanding and we are recruiting!

AC Health & Nutrition are looking for a number of Dietitians to join our existing team of 26 RDs delivering our educational training sessions to HCPs nationwide. The focus is to increase the awareness of gut health and support (IBS in particular) through evidence-based solutions such as probiotics.

Alison Clark regularly delivers these sessions and they go down extremely well with the audience, plus there is an incentive for each participant who attends the training session.

You will receive full training via MS Teams before being responsible for delivering the 30-minute educational training sessions which you will present either face-to-face or virtually. Therefore, flexibility in delivering the sessions will be required as some travel will be expected.

We are looking for a number of Dietitians across all regions of the UK, particularly those listed below. If your preferred geographical area is not listed, please do still get in touch to inform us of your interest and which region/counties you would be available to cover. Regions can be split into individual counties or groups of counties based upon your preference.

East and West Midlands – particularly Nottinghamshire, Northamptonshire and Leicestershire

Eastern England – particularly Lincolnshire, Cambridgeshire, Norfolk and Suffolk

London – particularly East and North

Home Counties – particularly Buckinghamshire, Hertfordshire, Bedfordshire and Oxfordshire

South/South West England – particularly Dorset, Hampshire and the Isle of Wight and West Sussex

North East England - particularly Northumberland, Tyne and Wear, Durham and Yorkshire

North West England – particularly Cumbria

All parts of Wales and Scotland

Working patterns are flexible and set by you to suit your individual needs. As a result, you will be responsible for your own working diary and for generating your own leads including:

GP surgeries (private and NHS)
Dietitians

Gastroenterologists
Nutritionists

This project expansion will start as soon as we have filled the positions. But we are aiming for asap.

Registered Address: 38 Bellairs Drive, Leigh-on-Sea, Essex, SS9 3AA. Registered No. 5468276

ACHN HEALTH & NUTRITION

How to Apply...

Before applying, please note that this is a self-employed role and you will receive a self-employed contract. All travel costs and mileage (£0.45p per mile) related to the delivery of sessions will be reimbursed.

Please send a covering letter including:

- An outline of your qualifications and current or most recent job role.
- A brief statement about your interest in the role, past experience of presenting talks, managing your own diary and knowledge of gut health and probiotics etc.
- the geographical area/s that you would be interested in covering.
- your desired pay rate.
- when will you be able to start?
- the duration that you will be able to participate in this project (the project is due to finish December 2027).

Important – the induction training day will take place via MS Teams on either the 5th, 10th or 12th November 2026 from 10am to 3pm.

Please send your application to... events@achn.co.uk

Next Stage... If successful we will ask you to attend a telephone interview.

Thank you and good luck.

Alison Clark & The ACHN Team
