“We had a face-to-face presentation at BHRUT this year with the IBD team. I have tried the Symprove and found it one of the best probiotics I have tried. Also recommending patients using the referral form.”

EG, Gastroenterologist at Barking, Havering & Redbridge University Hospitals
(March 2025)

“Hi Alison, Thank you again for sharing your time & expertise with us yesterday. Your session was engaging and insightful.”

RT, Clinical Skills Facilitator at Basildon Hospital Endoscopy (August 2025)

“For those that have already started taking the product, they are really pleased with changes in their gut health.”

KG, Directorate Lead Dietitian at Queen Mary's Hospital Oxleas NHS FT (July 2025)

“Firstly, I thought the host was very professional. Annina came across knowledgeable and relatable and was able to share a lot of complex information in an understandable manner. I saw an advert on Annina’s LinkedIn page and reference to Symprove was hard to find so I was more drawn to the webinar for the learning as oppose to the opportunity to try Symprove (nice bonus though). The background was detailed. I would have perhaps liked a deeper dive into the studies supporting Symprove but that is personal preference. Annina left good time for the Q&A and answered all questions well. Great job!”

Thanks,
Dr BG, AYMES (Webinar March 2025)

“Really helpful to hear from an RD who appreciates the value of evidence-based and guideline-based recommendations.”
